Title: ADAPTIVE MODULE FOR HOUSINGS		

APR 17 2003

Commissioner for Patents  
Washington, D.C. 20231

TECHNOLOGY CENTER 2800

Applicants have reviewed the Office Action mailed on January 17, 2003. Please amend the above-identified application as follows:

**IN THE CLAIMS**

1. (Original) An adaptive module for a housing for a cable modem termination system, the module comprising:

a backplane;

a card cage attachable to the housing;

an active first electronic module disposed within the card cage and electrically connected to the backplane, the active first electronic module electrically connectable to an active second electronic module disposed within the housing for communicating with the active second electronic module;

a backup first electronic module disposed within the card cage and electrically connected to the backplane, the backup first electronic module electrically connectable to a backup second electronic module disposed within the housing for communicating with the backup second electronic module when there is a failure within the active second electronic module; and
